

THE FINAL MEETING of a CONNECTING CLASSROOMS PROJECT

After almost three years of hard work our school was chosen to organize the final meeting for young leaders, coordinators and trainers. In cooperation with our coordinators and tutors, we prepared the program not only about work but fun was also included. Together we talked about the impressions and described the experience and skills we gained throughout the participation in this project. The final meeting was devoted not only to look back to what path we went through, but we also focused on the exchange of our experiences and further learning. As we have already met several times, the atmosphere was very friendly and relaxed. For participants there was prepared a competition with two categories The most successful leader and The most successful Connecting Classrooms project. Participants had the chance to show what they have learned and what young leaders they became.

These teams decided to join the competition for projects

Gymnázium Jozefa Lettricha, Martin

1. súkromné gymnázium Bratislava

Gymnázium, Park mládeže 5, Košice

Stredná zdravotnícka škola, Moyzesova 17, Košice

These two young leaders found the courage to participate

Kristina Christozova, Gymnázium Jozefa Lettricha, Martin

Peter Poch, 1. súkromné gymnázium, Bratislava

After counting all the votes, the winner in the category young leader became the student from our school Kristínka and her work was rewarded by iPad mini and the winning team was Stredná zdravotnícka škola Moyzesova 17, Kosice and was awarded by 500 € for the club activities

At the end of the meeting, all the participants agreed that the Connecting Classrooms project will never end. We believe that we will further continue to work not only in school clubs but also we will cooperate with each other.
